### KULTUR UND LEBENDIGES BRAUCHTUM

Burg Taufers aus dem 13. Jahrhundert, überragendes Symbol der Talschaft und ihr ganzer Stolz. Prettaufer Schaubergwerk, Bergbaumuseum Kornkasten: beeindruckende Zeugnisse jahrhundertelanger Schwerstarbeit. Naturparkhäuser: Abbildung des zweitgrößten Naturparks Südtirols mit Ein- und Ausdrücken der Berg- und Tierwelt. Die Mineraliengalerie mit Edelsteinen des Alpenhauptkammes, das Schafwollmuseum mit historischen Web-Utensilien; das Wassermuseum zeigt das Flüssigelement in all seinen Erscheinungsformen. Im Krippenmuseum kommen die Krippenfreunde aus dem Staunen nicht mehr heraus. Große Tradition erlangt hat das Schnitzen und Klöppeln. Die Baukunst der Gegend ist vielfältig – zweckorientierte Bauernhäuser, Schlossarchitektur mit Walmdach bis hin zum modernen Mehrfamilienhaus mit Pultdach. Die Speisekarte zeigt Gerichte von Ahnen übernommen und heute noch genossen bei gewissen Gelegenheiten. Zum Beispiel beim Kirscht, dem Kirchweihfest. Nicht minder gern tafelt man festlich und vertilgt feinen Zirmkiefer-Risotto mit Almkäs. Zum Beispiel bei der Straßenküche, dem Sommerkulinarium im Freien. Und das uralte Handwerk des „Käsens“ lebt wieder auf, gern gezeigt auf den Hofkäseereien, zum Beispiel beim Käsesommer.

### A TU PER TU CON LA CULTURA E LE TRADIZIONI

Castel Taufers del XIII. sec., simbolo e orgoglio degli abitanti della valle. La miniera dimostrativa di Predoi, il museo delle miniere nel granaio, testimonianze di secoli di duro lavoro. Parco naturale con centri visite: l'area protetta seconda per grandezza dell'Alto Adige con un affresco di flora e fauna alpina. La galleria mineraria con le pietre preziose del versante alpino, il museo della lana che mostra gli antichi utensili per la tessitura, il museo dell'acqua che svela i segreti sul liquido più diffuso in natura. Un susseguirsi di scenari ed emozioni al museo dei presepi. La tradizione dell'intaglio del legno e l'arte del merletto al tombolo. Un'architettura ricca e variopinta – semplici casali contadini, castelli con tetto a padiglione e moderne casette a schiera con tetto a falda. E che dire della buona tavola: pietanze tramandate da generazioni e riproposte con piacere in occasione di sagre e feste. Ma l'offerta gastronomica include anche vere raffinatezze come un risotto profumato al pino cembro con formaggio di malga. Queste ed altre specialità si possono assaggiare durante eventi gastronomici d'eccezione come la popolarissima cucina in strada nei mesi estivi. Mentre il programma „All'insegna del formaggio“ è l'occasione giusta per riscoprire l'arte di fare il formaggio.

### CULTURE AND VIVID CUSTOMS

The 13th century Taufers Castle, the outstanding symbol of a proud valley. Predoi Visitor Mine, Kornkasten Mining Museum: impressive witnesses to centuries of heavy labour. Nature reserve visitor centres: introducing of the second largest nature reserve in South Tyrol with impressions of and information on the mountains and wildlife. The mineral gallery with gemstones from the main chain of the Alps, the Wool Museum with its historic weaving tools; the Water Museum shows the liquid element in all of its forms. At the Crib Museum, crib lovers will be continually amazed. There is a strong tradition of carving and lace making here. The architecture of the area is varied, with practical farmhouses and castles with hipped roofs, through to modern apartment buildings with monopitch roofs. The local fare includes dishes that have been handed down over the generations and are still eaten today on certain occasions, for example on the "Kirscht", or church consecration festival. Residents are no less keen to enjoy a festive banquet and devour a delicious pine nut risotto with alpine cheese. For example at the street food festival, from the outdoor summer restaurants. And the ancient handicraft of "käsen", or cheesemaking, is being revived and demonstrated in the farm cheese dairies, for example during the "Käsesommer | All'insegna del formaggio" (summer of cheese).

## DARÜBER WEISS UND GANZ OBEN BLAU: EIN MÄRCHENBUCH

Grün, grüner, Ferienregion Ahrntal. Der satte Klee, die gesunden Fichten bringen den Schwarzensteingletscher zum Leuchten. Der ragt hinter Burg Taufers empor und reizt Wagemutige ... außerdem finden Bergsteiger mit einem Hochgall, einer Dreierherrenspitze, einem Möseler spannende Kletterei.

Als kreislauffördernd galt das Tal schon vor hundert Jahren. Große Temperaturunterschiede innerhalb kürzester Zeit tragen dazu bei. Über dreißig Grad an manchen Tagen im Juli täuschen nicht hinweg über angenehme Kühle an anderen: Die Wanderer freuen sich drüber, auf etwa 850 Kilometern Wanderpfaden, über Feld, Wald und Wiesen. Die Überflieger gleiten behaglich hinweg über Fichten und Schluchten – im Flugmodus – entlang der Fly-Line bei den Wasserfällen. Die Bergrädel brauchen nicht lange suchen: Auf alle Hänge, Berge und Hügel rundum führen Straßen & Sträßchen. Wengsee, Klaussee, Koflerseen, Waldnersee & Co. versprechen Begeisterungsrufe beim Reinhüpfen, während die kleinen Fische das Weite suchen ...

## VETTE IMBIANCATE DI NEVE E UN CIELO TERSO D'AZZURRO: UNA FAVOLA!

Dai fitti boschi di abete che ricoprono i pendii del Sasso Nero ai rigogliosi e sconfinati prati che sembrano perdersi all'orizzonte - non c'è verde più verde del verde delle Valli di Tures e Aurina! In sottofondo si innalza maestoso il castel Taufers e invita alla conquista ...

In questa terra in cui le montagne si chiamano Collalto, Picco dei Tre Signori o Grande Mèsule, la scalata in cima alla vetta è impregnata dal sapore di sfida. Un soggiorno nella valle stimola la circolazione. Così si diceva già un secolo fa. Complice sicuramente i grandi sbalzi di temperatura che si registrano nell'arco di breve. Così, anche se la colonnina di Mercurio supera i 30 gradi in alcune giornate di luglio, il clima estivo è temperato da quella tipica frescura di montagna che tanto piace agli escursionisti. In un paesaggio attraversato da ca. 850 km di sentieri, strade & stradine ciclabili, ce n'è davvero per tutti. I più coraggiosi si danno all'ebbrezza del volo sul circuito aereo Fly-Line nei pressi delle cascate. E per rinfrescarsi tra un'avventura e l'altra, nulla di meglio di un tuffo in un lago di montagna: Lago Venga, Lago di Chiusetta, laghi Kofler, Lago Selva – a voi la scelta.

## WITH WHITE AND BLUE AT THE TOP: A STORYBOOK

Green, greener, holiday area Ahrntal valley. The lush clover and healthy spruces make the Schwarzenstein glacier gleam. It towers above Taufers Castle and attracts the daring ... and in addition, there's exciting scrambling for mountaineers with the Hochgall, Dreierherrenspitze and Möseler mountains too.

A century ago, visitors to the valley believed that it stimulated their circulation. Large temperature differences within a short period of time contributed to this. Temperatures over thirty degrees on some days can't hide the fact that it is pleasantly cool on others, much to the delight of hikers on the approximately 850 km of hiking trails as they pass through fields, forests and meadows. High flyers glide comfortably above spruces and gorges – in flying mode – along the fly line near the waterfalls. Mountain bikers don't need to search for long: there are tracks and pathways on every slope, mountain and hill for miles around. Lakes Wengsee, Klaussee, Waldnersee, the Koflerseen lakes and more promise cries of enthusiasm as you jump in, whilst the little fish dart away ...

## D GESUNDHEITSTAL

500 Meter durchs Gestein legt die Luft zurück, um im Klimastollen von Prettau anzukommen. Lupenrein und frei von Pollen und Staub lindert die Luft im Klimastollen die unterschiedlichsten Atemwegserkrankungen. Diese Speläotherapie, auch Höhlentherapie genannt, kann eine medikamentöse Behandlung ergänzen oder gar ersetzen: Sie ist frei von Nebenwirkungen. Etwa Asthma, chronische Bronchitis oder auch Heuschnupfen sind durch regelmäßige Besuche im Klimastollen erfolgreich therapierbar. Wegen der steigenden Luftverschmutzung wird diese Höhlentherapie zunehmend notwendig. Und zunehmend erfolgreich. Die zahlreichen Wasserfälle des Tales zeigen ähnlich atem-reinigende Wirkung. Außerdem dämpfen sie Stress, heben die Laune und – sind einfach wunderschön! Die Ferienregion Ahrntal und sein Naturpark Rieserferner-Ahrn wirken wie eine Oase des Wohlbefindens. Reine Luft, hautfreundliches Wasser, einzigartige Landschaft und die Heilkraft der Natur: Damit begleitet das Tal die Gäste auf ihrem Weg zur Gesundheit. Das Projekt „Trail for Health“ soll das Allgemeinwohl verbessern und Menschen mit Asthma, Allergien und Burn-out helfen. Kraftorte unter und über Tage, auf Berggipfeln und an Mäandern, in Feld, Wald und Wiesen helfen beim lebendigen Entspannen. Früchte aus Äckern und Gärten, hingebungsvoll gepflegt und geerntet, sorgen für Wohlbefinden.

## I LA VALLE DELLA SALUTE

L'aria percorre 500 metri attraverso la roccia prima di raggiungere il centro climatico di Predoi. L'aria cristallina e libera da pollini e polveri dona sollievo a diverse malattie delle vie respiratorie. La cosiddetta speleoterapia, nota anche come terapia delle caverne, può coadiuvare o addirittura sostituire le cure a base di medicinali ed è priva di effetti collaterali. Asma, bronchite cronica e raffreddore da fieno sono curabili con successo attraverso frequentazioni regolari del centro climatico. Con l'aumento dell'inquinamento atmosferico, la terapia delle caverne sta diventando sempre più un'esigenza e un metodo di comprovato successo. Le numerose cascate della valle hanno un effetto purificante simile sulle vie respiratorie. Inoltre attenuano lo stress, sollevano l'umore – e sono meravigliose! La area vacanze Valle Aurina e il parco naturale Vedrette di Ries-Aurina sono una vera oasi di benessere. L'aria pura, l'acqua purificante, il paesaggio unico e la forza curativa della natura: così la valle accompagna gli ospiti sulla via della guarigione. Il progetto “Trail for Health” ha come obiettivo il miglioramento dello stato psicofisico e vuole aiutare le persone affette da asma, allergie e sindrome da burn-out. I luoghi di forza fuori e dentro la miniera, sulle cime dei monti e lungo i prati, sui campi, nei boschi e sui pascoli danno sostegno nella ricerca del benessere. I frutti dei campi e degli orti, curati e raccolti con dedizione, completano le cure.

## E THE VALLEY OF HEALTH

Air has to travel 500m through solid rock before it reaches the micro-climate tunnel in Predoi-Prettau. Wonderfully pure and free of pollen or dust, the air in the micro-climate tunnel has a soothing effect on a variety of respiratory disorders. Speleotherapy – also known as cave therapy – is an excellent supplement to, or even replacement for, conventional treatments involving medication, because it has absolutely no side-effects. Regular visits to the micro-climate tunnel can provide relief for complaints such as asthma, chronic bronchitis and even hay fever. Considering the rising air pollution, speleotherapy will play an increasingly important role in the future. And be increasingly successful. The many waterfalls in the valley have a similar purifying effect on the lungs. They also help reduce stress, lift our spirits – and are quite simply beautiful! The holiday area Ahrntal valley and the Vedrette di Ries-Rieserferner-Ahrn nature reserve are an oasis of wellbeing. Pure air, skin-friendly water, a unique landscape and the healing powers of nature: these are the potions the valley offers guests on their road to health. The “Trail for Health” project aims to improve general wellbeing and help people with asthma, allergies and burn-out. Places of power above and below ground, on mountain summits and by the meandering rivers, in fields, woods and meadows help guests to find revitalising relaxation. Fresh produce and fruits are nurtured and harvested from the fields and gardens in the area to add to your sense of well-being.

ESSEN, AUSFLIEGEN, FAULENZEN,  
WANDERN: DAS MACHEN URLAUBER  
AM LIEBSTEN!<sup>1</sup>

Und nirgends landen sie damit besser als hier, feinste Küche allerorten. Ausfliegen - autolos in den Klimastollen nach Pretttau dank bestens abgedeckter Mobilität, oder zu den Wasserfällen, den schönsten im Lande. Oder in die Burg: aus dem Mittelalter, Originalmobiliar. Dann noch und unbedingt ins kleine Wassermuseum in Lappach ... Baden? Die Cascade - zum Schwimmen, für draußen und drinnen ... ausgefaulenz hat sich's hier nie, etwa mitten im Grünen am Neves-See, dem Himmel nah. Oder mit einem guten Buch im Sandner Rathaus-Lese-Park. Und natürlich bei einem Morgenspaziergang der Ahr entlang, die Meise singt ihr schläfrig' Lied ... und dann die Themenwege. Der Naturlehrpfad in Sand bringt auf die Spur von Hase & Dachs, und der nagelneue „Natur-Kreis-Weg“ vom Tobl nach Ahornach öffnet neue Blicke auf die Natur und ihre immer wieder neu zu entdeckenden Kreisläufe. Die Wasser-Wege in Mühlwald beschreiben die Geschichte des Wassers; der Pretttauer Knappensteig zeigt einstige Stolleneinstiege; Sankt Franziskus sang dereinst sein Lied der Natur, und der ihm geweihte Weg ist eine einzige Hymne; und zu Sankt Jakob gelangt der geneigte Wanderer auf selbigem Weg über sieben Brücken ... während auf den Ahrntaler Sonnenwegen das frühere bäuerliche Leben zu erkunden ist. Fürs allgemeine Wohlbefinden bieten sich die Gesundheitswege mit Kneippanlage in Weißenbach, in Pretttau, in Mühlwald und in Sand in Taufers und am Talschluss erzählen die Grenzwege Geschichten übers „Ummigie“<sup>2</sup> und über den Schmuggel. Überhaupt bietet der Talschluss des Ahrntals ein einmaliges Panorama, Ruhe und Erholung und natürlich Wanderwege – so lange die Füße tragen.

BUONA TAVOLA, GITE FUORI PORTA,  
DOLCE FAR NULLA: È CIÒ CHE PIÙ SI  
CERCA QUANDO SI VA IN VACANZA!\*

Ed è ciò che si trova nelle nostre valli. La buona tavola, qui, la fa da padrone. Se si ha voglia di una gita fuori porta basta lasciare l'auto a casa e incamminarsi verso una delle tante cascate, le più belle del paese; o verso un castello, rigorosamente di epoca medievale e con arredi originali; poi si scende nella galleria climatica di Predoi o ci si tuffa nel piccolo ma incantevole museo dell'acqua di Lappago; e a proposito di acqua ... Il centro Cascade propone piscine coperte e scoperte, lettini baciati dal sole e saune per le giornate più fredde. Di dolce far nulla, poi, non se ne può avere mai abbastanza, sulle verdi sponde del lago di Neves, a due passi dal cielo, o in compagnia di un buon libro nei giardini del municipio di Campo Tures, o passeggiando lungo l'Aurino alle prime luci del mattino. E quando lo spirito escursionistico chiama, uno dei tanti sentieri tematici risponde: come il sentiero natura a Campo Tures, che segue le orme di lepri e tassi, e il nuovo “NaturKreisWeg - Circuito della natura” dall'abitato Tobl a Acereto apre nuove prospettive sulla natura e il suo eterno ciclo. I sentieri dell'acqua a Selva dei Molini, il sentiero dei minatori a Predoi o il sentiero di S. Francesco, in cui echeggia il canto alla natura che l'uomo di fede intonò tanti secoli fa. Che dire poi del Cammino di S. Giacomo sui sette ponti o dei Sentieri del Sole, un omaggio alla dura vita del contadino di tanti anni fa. Per i salutisti ci sono i percorsi Kneipp a Rio Bianco, a Predoi, a Selva dei Molini ed a Campo Tures, mentre gli appassionati di costumi e cultura esplorano i sentieri di confine nel fondovalle, un tempo vie di commercio e contrabbando. Ed è proprio qui, nella parte finale della valle, che le fatiche spese durante il cammino sono ampiamente ricompensate dall'unicità del panorama e dalla quiete che vi regna sovrana ...

(\* O almeno questo è quel che dicono i sondaggi. Sarà poi vero?)

## EAT, GO ON A TRIP, LAZE AROUND, HIKE: WHAT HOLIDAYMAKERS LIKE TO DO BEST!\*

And there's nowhere better for all that than here, with the best cuisine for miles around. Go on a trip - car free to the climate tunnels in Predoi by comfortable public transport, or to the waterfalls, the loveliest in the land. Or to the castle: from the middle ages, original furnishings. And then you absolutely have to go to the little Water Museum in Lappago ... Swimming? Cascade – for swimming, inside and out ... it's impossible to tire of lazing around here, surrounded by greenery alongside Lake Neves, close to the heavens. Or you could take a good book to the town hall reading park in Campo Tures. And naturally on a morning walk along the river Ahr, the chickadee sings her sleepy song... and then there are the themed trails. The Sand in Taufers nature trail takes you in the footsteps of hares and badgers, the brand new "NaturKreisWeg" (nature circle trail) from the Tobl settlement to Ahornach/Acereto opens up new views of nature and its cycle, which is always to be rediscovered. The water trails in Selva dei Molini describe the history of water; the Predoi Knappensteig (mining trail) takes you to the old tunnel entrances; St. Francis once sang his song of nature, and the path that is dedicated to him is a single hymn; and hikers who are so inclined can walk to San Giacomo on the same trail over seven bridges ... whilst rural life as it used to be can be explored along the Ahrntaler Sonnenwege (sun trails). For general wellbeing there are the health trails with Kneipp facilities in Rio Bianco, in Predoi, in Selva dei Molini and in Campo Tures and at the head of the valley the border trails tell their tales of trade routes and smuggling. In general, the head of the Valle Aurina offers a unique panorama, peace and relaxation and, of course, hiking trails – for as long as your feet will carry you.

(\* according to research... who knows if it's true?)

## HIER KÖNNT IHR DIE GROSSEN LOSWERDEN ...

... bei den Bauernlandzwerge. Was das ist? Endlose Sommertage voller Spiel und Spaß und Schabernack. Ihr könnt die Zauberfee von Burg Taufers besichtigen ... die verrät Tricks, die habt ihr noch nie gesehen, wetten? Sogar was zu futtern gibt's, denn Heu-Hüpfen macht schließlich hungrig. Oder ihr trefft euch auf dem Bauernhof, so mit Melken und Kühen und Kälbchen ... und dann der Klausberg, der hat die Wasser-Welt gebaut, da bleibt kein Auge trocken: Klausl-Teich, Bärenrutsche, Schlammbecken, Zipline und der Alpine Coaster - grandios famos! Und im Winter erst! Da gibt's Klausberg-Dinoland, den Family-Skilift Weißenbach, den Tamarix Familypark in Mühlwald. Die Skikindergärten beim Klausberg und beim Speikboden veranstalten viel Spaßiges für euch, und die Skischule Speikboden nimmt euch mit zu den kleinen Geistern auf der Burg Taufers ...

Den Großen könnt ihr sagen, dass sie den Tag ohne euch verbringen müssen, leider. Sagt ihnen, da gibt's eine coole Suhle, die Cascade. Da gibt's was zum Schwimmen, mit Poolbar, Liegewiese, und Sauna und so ... ihr könnt sie auch in eines der Naturparkhäuser schicken, da gibt's viel über Tiere & Berge - oder sagt ihnen, sie sollen den Naturlehrpfad auskundschaften, weil eigentlich ... oder nein, den lauft mal lieber alle zusammen!

## QUI POTETE “SCARICARE” I GRANDI ...

Preparatevi a vivere magiche emozioni con le avventure degli Elfi. Di cosa si tratta? Sono giornate piene di gioco e di divertimento che vi porteranno a incontrare la fata magica nel castel Taufers. E dopo una visita al maso e un bel tuffo nel fieno, nulla di meglio di una squisita merenda e di un bicchiere di buon latte appena munto. Gli instancabili si sfogano al parco acquatico Klausberg con tanto di laghetto, scivolo, vasche di sabbia e fango, salgono sulla pista da slittino su rotaia Alpine Coaster o sulla Zipline. E che dire dell'inverno. Ad attendervi vi sono il fantastico Dinoland, lo skilift per famiglie “Weissenbach” e il family park Tamarix a Selva dei Molini. Il divertimento non manca nemmeno negli asili sulla neve a Klausberg e Speikboden, mentre la scuola di sci Speikboden vi porterà a scoprire i piccoli fantasmi nel castello...

Mentre voi ve la spassate alla grande, ai vostri genitori non resta altro che consolarsi – ahimè! – con una visita al centro benessere Cascade con le sue piscine, saune e ampie zone dedicate al riposo. In alternativa potrete anche mandarli ai centri visite del parco naturale per scoprire il mondo degli animali e delle montagne oppure suggerirli un'escursione sul sentiero didattico – anzi, no, quella è un'esperienza che vi consigliamo di fare tutti insieme!

## COME HERE TO GET AWAY FROM THE GROWNUPS ...

... with the Farmhouse Gang! What's that? Days full of play and fun. You can visit the enchanted fairy. Or visit the enchanted fairy of Taufers Castle ... she'll have a few tricks up her sleeve that you haven't seen before, I bet! There's even something to eat, since jumping around in the hay can give you quite an appetite. Or you can meet up at the farmhouse with milking, cows and calves ... and then there's the Klausberg Waterworld, where everyone can get their feet wet: Klausl-pool, bear slides, mud ponds, Zipline and the Alpine Coaster – absolutely amazing! And in winter, there's Klausberg Dinoland, the Rio Bianco family ski lift, the Tamarix Family Park in Selva dei Molini. The ski kindergartens in Klausberg and on the Speikboden hold plenty of fun events for you, and Speikboden Ski School will take you to meet the little ghosts at Taufers Castle...

You can tell the grownups that sadly they'll have to spend the day without you. Tell them there's a cool watering hole, the Cascade, for them to check out. There's somewhere for them to swim, with a pool bar, sunbathing area, and sauna and more... you could also send them to one of the nature reserve visitor centres, where there's lots about animals and mountains – or tell them that they should scout out the nature trail, since actually ... or no, you'd prefer to do that one all together!

## RUSTIKAL, BODENSTÄNDIG, HERZHAFT – DIE KÜCHE DES TALES

Es wird mit Recht ein guter Braten gerechnet zu den guten Taten, befand einst launig Wilhelm Busch. Er hat Recht, behaupten die Einheimischen. Jede erstbeste Gelegenheit nutzen sie, um gemeinsam groß zu tafeln. Die Dorfgasthäuser, die Jausenstationen und Schänken, die Hütten und Almen und schließlich die Restaurants zelebrieren diese Vorliebe mit regionalen und mediterranen Speisen. ... Ein besonderes Vokabular haben die Teldra für ihre Leckerbissen geprägt, etwa „Zettlkraut“ für eingelegtes und gehobeltes Weißkraut, „Inningießä“ für Omelett, und – ganz vielsagend – „Püißprediga“, also Bußprediger für in Schmalz gebackene Küchlein... Eine dieser Herrlichkeiten hat's bis in höchste Etagen geschafft, der Ahrntaler Graukäse nämlich: ausgezeichnet mit dem Label Presidio der internationalen Plattform für Qualitätsspeisen, SlowFood.

Die Einheimischen laden aber auch gern Gäste zum Mit-Essen ein, davon zeugen die Vorspeisenwochen, die Bauernkostwochen, die Steak- und Nudelwochen, die Vitalwochen. Bei den Kirchtagen, bei den Grillfesten tischen sie auf, der internationale Käsemarkt hat europäische Bekanntheit erlangt. Der Genuss gipfelt schließlich allsommerlich in der Straßenküche: spaßiges, tauf(e)risches Tafeln!

(\* einheimisch „vom Tal“)

## I RUSTICA, CORPOSA, GENUINA – UN INNO ALLA TRADIZIONE

Nella area vacanze Valle Aurina la buona tavola è di casa. Di conseguenza, ogni occasione è quella giusta per celebrare a dovere i piaceri del palato e la convivialità. Nelle cucine dei ristoranti, delle locande e delle malghe, la corposità di ingredienti alpini si sposa con i sapori del Mediterraneo per dare vita a piatti unici e semplicemente gustosi. Certo, una cucina così speciale non poteva non sviluppare un vocabolario altrettanto particolare. Difficile intuire, non solo per l'ospite di lingua italiana, che dietro al "Zettlkraut" si cela il cavolo bianco marinato e affettato e che il termine "Inningießa" è l'equivalente di "omelette"... Una delle specialità più caratteristiche della valle, il famoso formaggio grigio, è stato addirittura premiato con il marchio "Presidio Slow Food".

Tutte queste e altre delizie tipiche si possono assaggiare in occasione di sagre e squisite feste a tema. Dalla settimana dedicata alle specialità contadine si va direttamente alla settimana della pasta, per passare infine alle bistecche. Che dire poi del leggendario "Festival del Formaggio" o dell'ormai immancabile "Cucina in strada", l'evento clou dell'estate culinaria nelle Valli di Tures e Aurina ...

(\* dialetto per "dalla valle")

## E RUSTIC, DOWN-TO-EARTH AND HEARTY – THE VALLEY'S CUISINE

"A good roast is rightly considered to be a good deed" as Wilhelm Busch once wittily said. And the locals think he was right. They make use of every occasion that comes along to sit down to a big meal together. The village guesthouses, cafés and bars, the huts and alpine pastures, and last but not least the restaurants, celebrate this penchant with regional and Mediterranean dishes. The "Teldra" have come up with their own special vocabulary for their delicacies, such as "Zettlkraut" for pickled, sliced cabbage, "Inningiessa" for omelette, and "Püissprediga" (or repentance preacher) for small cakes baked in lard... One of these delights has reached the highest heights, namely the Valle Aurina Grey Cheese, which has been awarded the Presidio label of the international platform for quality food, SlowFood. The locals are also pleased to invite guests to eat with them, to which the appetizer weeks, farmhouse fare weeks, pasta weeks and healthy eating weeks bear witness. They also dish up on church days and at grill festivals, whilst the international cheese market has become well-known throughout Europe. Finally, indulgence reaches a peak every summer in the street food festival: fun, fresh Taufers feasting!

### BERGBAHNEN IN DER FERIENREGION AHRNTAL

Der Speikboden ist der offizielle Geheimtipp für Gebirgs-Spazierer: Mit zig Kilometern an ausgezeichnet hergerichteten Wanderwegen jeder Schwierigkeit und täglichen geführten Touren unübertroffen! Dazu Allerbestes aus der Berggipfel-Küche.

Der Renner bei den Kids sind die Tiere: Kälbchen, Ferkel, Hasen, Ziegen, Schafe und die eine oder andere Mieze ... zum Knuddeln! Im Streichelzoo.

Dazu noch die Klettersteige: ein mittelschwieriger und ein leichter - für jeden etwas dabei.

Der Klausberg ist für große und kleine Alpenfans da: Große finden haufenweise Berg-Rad- und Berg-Fuß-Wege, dazu Almen & Hütten, wo man mit Hingabe kocht. Das Panorama-Highlight ist der Klaussee mit seinem atemberaubenden Ausblick auf die Zillertaler Alpen. Und die Kleinen sind eh hingerissen: vom Familypark mit Wasserwelt, Dinoland, Zipline, Klausbergflitzer & Co.

### IMPIANTI DI RISALITA NELLA AREA VACANZE VALLE AURINA

Lo Speikboden è il passaparola ufficiale di chi ama le passeggiate in montagna: insuperabile con i suoi chilometri e chilometri di sentieri perfettamente curati, di vari gradi di difficoltà ed escursioni guidate giornaliere!

I preferiti dei bambini sono gli animali: vitelli, maialini, conigli, capre, pecore e qualche gattino ... da coccolare! Nello zoo delle carezze.

Inoltre le vie ferrate: una moderatamente difficile e una facile - c'è qualcosa per tutti. E anche qui si può trovare il meglio della cucina di montagna. Il Klausberg è adatto per i grandi e piccoli amanti della montagna: I grandi trovano un sacco di sentieri per bici e trekking, malghe e rifugi dove poter gustare ottime specialità culinarie. Il lago Klaussee con il suo spettacolare panorama sulle Alpi dello Zillertal è sicuramente uno degli highlight della zona. E per i piccoli c'è tanto divertimento: il Familypark con il Dinoland, zipline, il parco acquatico e il Klausbergflitzer Alpine Coaster.

### MOUNTAIN LIFTS IN THE HOLIDAY AREA AHRNTAL VALLEY

Speikboden is the official insider tip for those who love walking in the mountains, with countless kilometres of easy, beautifully maintained hiking paths and daily guided tours! Again, with only the very best mountain cuisine.

The animals are a big hit with the kids: calves, piglets, rabbits, goats, sheep and the odd cat ... to cuddle! In the petting zoo.

Plus the via ferratas: one moderately difficult and one easy - something for everyone.

Klausberg welcomes Alpine enthusiasts of all ages – adults will find plenty of hiking and cycle paths up and down the mountains, with Alpine huts and lodges offering refreshment along the way. The panorama highlight at Klausberg is Lake Klaussee, with its breath-taking views over the Zillertal Alps. And children can never get enough of the Family Park with its Dinosaur Land, the zipline, the waterworld or the Klausbergflitzer Alpine coaster.

**5 SKIGEBIETE: SPEIKBODEN, KLAUSBERG, REIN, WEISSENBACH & KRONPLATZ**

Vier Skigebiete nennt die Ferienregion Ahrntal sein Eigen, und alle bieten Superlativen, wie etwa die Bergbahn mit dem größten Höhenunterschied (Speikboden), die höchste Achter-Kabinenbahn Südtirols (Klausberg), und die vermutlich pfiffig-kleinsten Skigebiete Rein und Weissenbach. Dagegen nimmt sich der benachbarte Kronplatz mit seinen 114 Pistenkilometern gigantomanisch aus. Er ist ja auch der größte Skiberg des Landes. Für alle gibt's hier was zu tun.

**5 COMPENSORI SCIISTICI SPEIKBODEN, KLAUSBERG, RIVA, RIO BIANCO, PLAN DE CORONES**

4 sono i comprensori sciistici che vi si estendono qui nella area vacanze Valle Aurina. Ognuno dei quali ha un primato di cui fregiarsi: che sia l'impianto di risalita con il maggior dislivello (Speikboden) o la cabinovia a otto posti più alta dell'Alto Adige (Klausberg), o ancora le aree sciistiche probabilmente più minuscole al mondo, Riva e Rio Bianco. A compensare ampiamente ci pensa il vicino Plan de Corones, che con i suoi 114 km di piste vanta il titolo di località sciistica più grande del paese. Ce n'è davvero per tutti.

**5 SKI RESORTS SPEIKBODEN, KLAUSBERG, RIVA, RIO BIANCO, KRONPLATZ - PLAN DE CORONES**

The holiday area Ahrntal valley is home to four ski resorts, and each offers superlatives, such as the mountain railway with the largest height differential (Speikboden), the highest eight-seater gondola in South Tyrol (Klausberg), and, possibly the smartest and smallest ski resorts too – Riva and Rio Bianco. The neighbouring Kronplatz with its 114 kilometres of slopes is gigantic in comparison. After all, it is the largest skiing mountain in the country. There's something for everyone to do here.

## **D** ... MIT SPRENKELN DA UND DORT

Blitzendes Weiß allenthalben: Schal um, Mütze auf und los! Die Amsel piepst, schwarz vor Neugier, und der Schnee unter dem Winterwanderer knirscht fröhlich. Der Atem dampft, die Langläufer zischen vorbei und ziehen ihre Kreise auf vier schneesicheren Höhenloipen, umrahmt von einer grandiosen Naturkulisse. In der Ferne ein bläulicher Schimmer wie von Kristall, gesprenkelt. Das sind ja – Eiskletterer?! Wie kleine Spinnen hängen sie im Seil ... Und nicht zu vergessen, Rodeln auf den bis zu zehn Kilometer langen Rodelbahnen oder sogar mit dem Alpine Coaster, der die Rodelbegeisterten ohne mühsames Aufsteigen zum Start bringt.

## **I** ... ATTRAVERSATA DA SPRAZZI DI VITALITÀ

Un rilucente manto bianco si estende per ogni dove. La neve scricchiola allegramente sotto gli scarponi, una nuvoletta di vapore si eleva ad ogni respiro. Immersi nell'affascinante natura sommersa dalla neve, gli appassionati di fondo esplorano le 4 piste ad alta quota. In lontananza un riflesso azzurrato richiama lo sguardo su una superficie cristallina punteggiata di ... persone?! Sì! Appese a corde come tanti ragnetti. Ah, l'emozione dell'arrampicata su ghiaccio ... E che dire delle interminabili piste per slittino, e persino dell'Alpine Coaster che comodamente risparmia la faticosa salita.

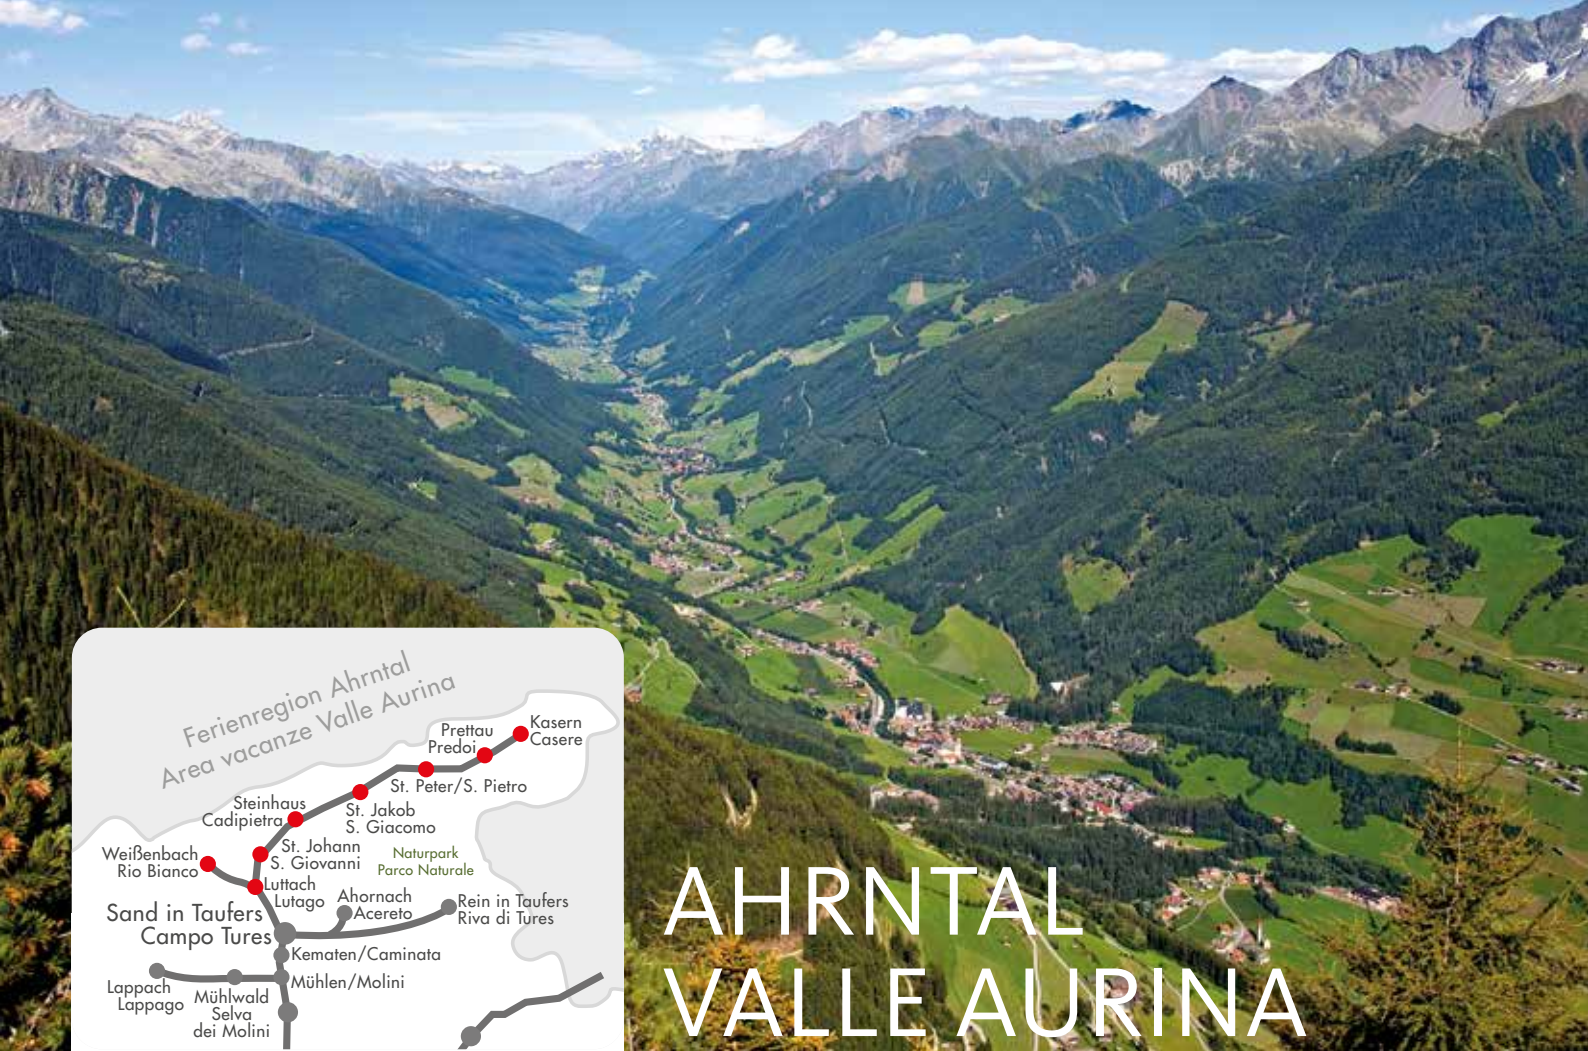

## **E** ... WITH SPRINKLES HERE AND THERE

Sparkling white wherever you look: wrap your scarf round you, put on your hat and off you go! The blackbird cheeps, black with curiosity, and the snow beneath the winter hiker's feet crunches gaily. Your breath comes out in clouds of steam as cross-country skiers swish past and circle round on four snow-sure high-altitude trails against a spectacular natural backdrop. In the distance there's a blue crystal shimmer. Is that – ice climbers?! Like little spiders they hang on to their ropes ... And don't forget there's tobogganing on the up to ten kilometre-long runs or even with the Alpine Coaster, which carries fans of tobogganing to the head of the run without the tiring climb.

## GREEN MOBILITY

### REINE LUFT DURCH RAUCHGASREINIGUNG

Die zentrale Wärmeversorgung durch Fernheizwerke mit modernster Rauchgasreinigung in der Ferienregion Ahrntal ersetzt den Betrieb von Holzöfen in den Häusern, wodurch eine bis zu 95%ige Reduzierung der Feinstaubemissionen aus Holzfeuerungsanlagen erwirkt wird.

### ARIA MIGLIORE GRAZIE ALLA DEPURAZIONE DEI GAS COMBUSTI

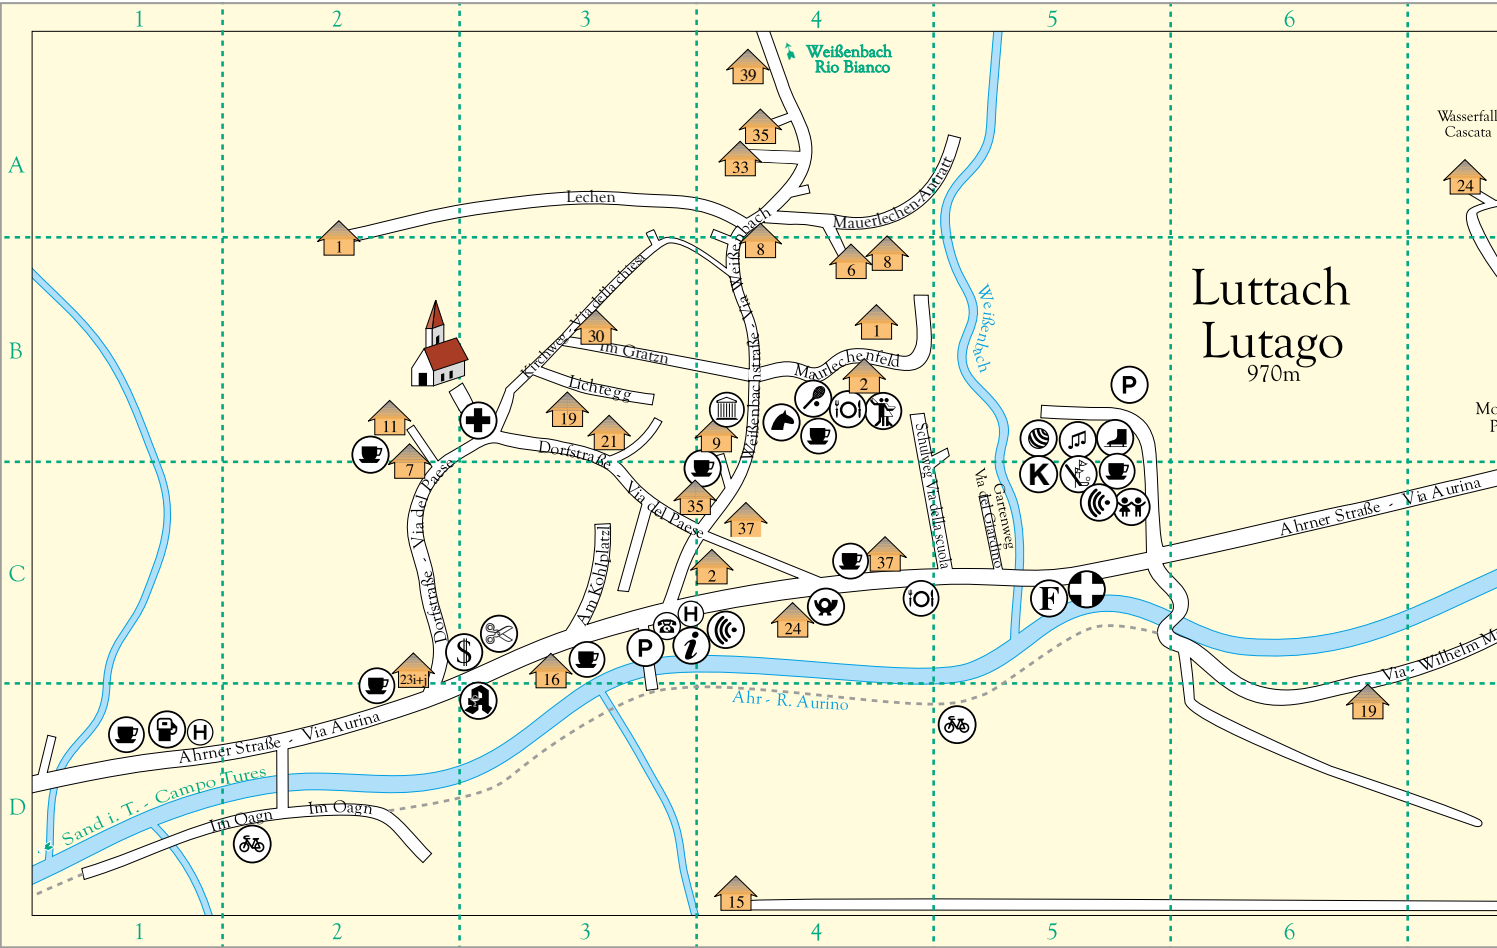

L'approvvigionamento termico centralizzato, tramite centrali di teleriscaldamento dotate dell'innovativa tecnica per la depurazione dei gas combustibili nella area vacanze Valle Aurina, sostituisce l'impiego di stufe a legna nelle abitazioni, consentendo di ridurre fino al 95% le loro emissioni di polveri fini.

### CLEAN AIR BY FLUE GAS PURIFICATION

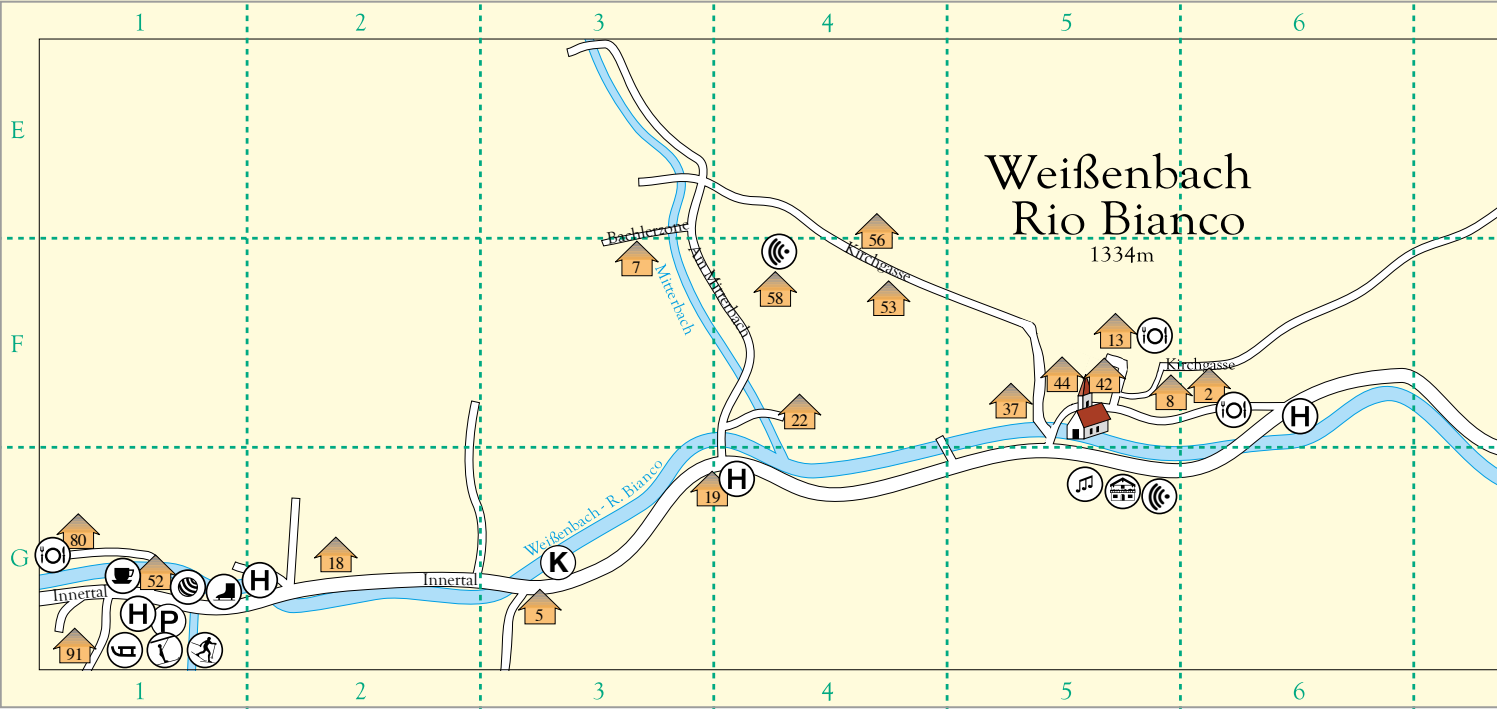

In the holiday area Ahrntal valley a reduction of up to 95% of particulate matter emissions from wood-fired heating plants is obtained from the central supply of heat by district heating plants with the most up-to-date flue gas purification.

D

## 7 DÖRFER – 7 CHARAKTERE

**Sand in Taufers**, Hauptort, der Moderne zugeneigt, mit Ehrgeiz an der Energie-Autarkie arbeitend, ständig an seiner Oberfläche feilend, Ort mit Lebensfreude und blendenden Giebeln, hat 2008 den Dorf-Erneuerungspreis errungen.

**Mühlen**, Vize-Hauptort, mit Mühlenern, die wie Pech und Schwefel zusammenhalten. Ort zahlreicher antiker Ausgrabungen und von Brauchtum und Spaß am Feiern geprägter Feste.

**Kematen**, Nest kreativer und aktiver Jugend, mit Interesse an Geschichte & Geschichten der Altvorderen. Rauschende Rockmusik und spätgotische Fresken. Bevorzugter Ort zum Sein.

**Ahornach**, hier wohnt ein weltberühmter Bergsteiger. Und die Sonne, die wohnt auch hier. Streusiedlung, Ruhe, Höhe, Ausblick ... Weitblick.

**Rein**, am Fuße des Hochgall. Das muss gesagt werden: Der Berg beherrscht das Bild. Willensstarke Köpfe mit viel Energie. Der Berg hat sie geprägt. Wie hingemalt der Ort.

**Mühlwald**, die Gestaltung des Tales übernehmen weiland die Gletscher. Seen & Teiche zeugen davon. Geformt vom Wasser die Landschaft, geleitet vom Fleiß ihre Bewohner.

**Lappach**, Hanglage, Wiesen und Wälder. Talende oder Talanfang? Bauernhäuser, behäbig, behaglich. Mit Lappachern, die das Singen zu ihrem Lebenselixier erkoren haben.

I

## 7 PAESI – 7 PERSONALITÀ

**Campo Tures**, capoluogo, aperto all'innovazione, precursore nell'auto-produzione di energie rinnovabili, incline alla gioia di vivere, nel 2013 vincitore della bandiera arancione.

**Molini di Tures**, vice-capoluogo con abitanti che vivono d'amore e d'accordo. Terra di ritrovamenti archeologici e di grandi feste all'insegna di tradizioni, usanze e divertimento.

**Caminata**, covo di giovani artisti e menti creative, con grande interesse alla storia e alle storie degli avi. Concerti di musica rock e affreschi del tardo-gotico. Luogo privilegiato dell'essere.

**Acereto**, residenza di un noto alpinista e patria del sole. Insediamenti sparsi, quiete, altezza, vista ... incondizionata.

**Riva**, ai piedi del Collalto. Inutile negarlo: qui è la montagna a farla da padrona. Nell'immagine del paesaggio e nelle teste dei suoi abitanti. Di grande carattere, fermezza e volontà.

**Selva dei Molini**, forgiata dai ghiacciai come testimoniano i laghi e laghetti; un paesaggio plasmato dall'acqua e curato dai suoi abitanti, tutti dediti al lavoro.

**Lappago**, in posizione collinare, tra prati e boschi. Inizio o fine della valle? Casali contadini, caratteristici e accoglienti, abitati da gente che ha fatto del canto il suo elisir di vita.

E

## 7 VILLAGES – 7 CHARACTERS

**Campo Tures-Sand in Taufers**, the principle commune, tending towards the modern, working ambitiously towards energy self-sufficiency, always refining its surface, a place filled with joie de vivre and splendid gables, won the village renewal prize in 2008.

**Molini di Tures-Mühlen**, second-largest village, with Mühlenern who stick together through thick and thin. A place of numerous ancient archaeological excavations and of customs and festivals characterised by the enjoyment of fun.

**Caminata-Kematen**, the home of a creative and active youth, with an interest in history and the tales of their forefathers. Loud rock music and late Gothic frescoes. The preferred place for being.

**Acereto-Ahornach**, a world-famous mountain climber lives here. And the sun lives here too. Scattered settlement, peace, altitude, views ... vision.

**Riva-Rein**, at the foot of the Hochgall. It has to be said that the mountain dominates the scene. Determined heads with plenty of energy. They are shaped by the mountain. A village that looks just the way you would paint it.

**Selva dei Molini-Mühlwald**, the shaping of the valley was once undertaken by the glaciers. Lakes and ponds bear witness to this. A landscape formed by water, shaped by the hard work of its inhabitants.

**Lappago-Lappach**, hillside location, meadows and forests. Head or end of the valley? Farmhouses, affluent, comfortable. With natives who have chosen singing as their elixir of life.

## RESERVIERUNG & ANZAHLUNG

Ihre Reservierungswünsche richten Sie bitte an das Haus Ihrer Wahl.

Die Stornobedingungen können vom Betrieb individuell festgelegt werden. Der Gast hat das Recht, dahingehend informiert zu werden.

Generell wird bei Buchung ein Angeld als Sicherheitsleistung für Ihre verbindliche Reservierung erhoben. Dieser Anzahlungsbetrag wird bei Ihrem Aufenthalt verrechnet, im Falle der einseitigen Absage durch den Gast jedoch nicht rückerstattet. Bei Nicht-Antreten der Reise oder bei vorzeitiger Abreise ist es üblich, einen Schadenersatz zu berechnen.

Zuschläge (z. B. Kurzaufenthalt, Endreinigung der Ferienwohnung, Haustiere, ...) und/oder Abschläge (z. B. Kinderermäßigung) erfahren Sie beim jeweiligen Betrieb.

## PRENOTAZIONE E CAPARRA

Indirizzate la Vostra prenotazione direttamente all'esercizio prescelto.

Le condizioni per lo storno della prenotazione possono essere stabiliti individualmente dalla struttura. L'ospite ha il diritto di esserne informato.

All'atto della prenotazione – alla conferma della stessa – viene generalmente richiesto il versamento di una caparra. Tale importo verrà poi defalcato dal conto a fine soggiorno; non verrà però rimborsato in caso di rinuncia da parte dell'ospite. Per partenze anticipate o mancato arrivo si conteggerà un risarcimento danni.

Supplementi (per es. soggiorni brevi, pulizia finale dell'appartamento, animali domestici) e/o riduzioni (per es. riduzione per bambini) vanno richiesti direttamente ai singoli esercizi.

Saremo lieti di fornirVi tutte le informazioni che desiderate e di aiutarVi a programmare al meglio le Vostre vacanze. Troverete i nostri annunci vacanza anche sul sito internet [www.tures-aurina.com](http://www.tures-aurina.com)

## BOOKING AND DEPOSIT

Please direct your reservation requests to the lodging facility of your choice.

The terms in case of cancellation can be determined individually by the host. The guest must be informed on these conditions beforehand.

A deposit will generally be asked to confirm the binding reservation. This amount will be deducted from the total sum at the end of your stay; but it will not be returned in case of a one-sided cancellation by the guest. In the event of an early leave or a no-show, you are usually asked to pay a refund.

For information on surcharges (e.g. for short stays, final cleaning of vacation rentals, pets, etc.) and/or reductions (e.g. children's discounts), please contact the given lodging facility.

We would be happy to assist you in planning your vacation. Vacancies can be found at our website. [www.ahrntal.com](http://www.ahrntal.com)
